CITY COUNCIL REPORT

Meeting Date: March 26, 2013
General Plan Element: ***Neighborhoods***

General Plan Goal: ***Enhance and protect neighborhoods***

ACTION

Adopt Ordinance No. 4012 adding Article 21 "Neighborhood Street Vendors" to Chapter 16 of the Scottsdale Revised Code and permitting Chapter Article 21 of Chapter 16 to be referred to informally as "Leo's Law".

BACKGROUND

Last year, Mayor Lane received an email from a 16 year-old entrepreneur named Leo Blavin (see attachment #1). Leo and his father own "Leo's Ice Cream" which is a mobile ice cream truck business. In Leo's email, he inquired why the City of Scottsdale had a complete ban on ice cream trucks operating within the city's right-of-way and what he would have to do to change it.

Initial research by staff discovered that the City of Scottsdale is the only city within Maricopa County that has a complete ban on this use.

Staff was informed anecdotally that the reason Scottsdale banned ice cream trucks in the 1970's was in response to either reports of operators using their trucks as fronts to sell drugs or to the possibility that a child was struck and killed. In any case, the reasons for the original ban remain obscure and instead of attempting to regulate the industry with reasonable time place manner restrictions, the City decided to ban the use entirely. Since some of those concerns may still linger with the public, the attached ordinance was drafted to mitigate those concerns. The ordinance being presented to the City Council is the result of extensive outreach including six public meetings where staff solicited input from members of the community.

Public Outreach:

1. Draft ordinance placed on City's website for comment
2. Transportation Commission (unanimous approval)
3. Neighborhood Advisory Commission (unanimous approval)
4. Public Forum - Via Linda Senior Center
5. Public Forum - Granite Reef Senior Center
6. Scottsdale Parent Council
7. Neighborhood Advisory Commission (unanimous approval)

Ordinance Highlights:

- All neighborhood street vendors must be licensed.
 - License is valid for one (1) year
 - \$250 license fee
- Both owners and drivers must pass a criminal background check before obtaining a license.
 - Checks done through the Department of Public Safety (DPS)

 - Any crime against a child
 - Dealing of drugs
 - Theft
- All drivers must have a valid driver’s license

ANALYSIS & ASSESSMENT

Ordinance No. 4012:

- Adds Article 21 “Neighborhood Street Vendors” to Chapter 16 of the Scottsdale Revised Code
- Permits Article 21 of Chapter 21 to be referred to informally as “Leo’s Law”.

RESOURCE IMPACTS

There is no direct fiscal impact related to the adoption of Ordinance No. 4012. However, the presence of licensed ice cream trucks operating within the City could potentially lead to some (likely minimal) additional tax revenue.

OPTIONS & STAFF RECOMMENDATION

Options include approving or not approving the proposed ordinance.

Subject: Ice Cream Truck

Dear Mr. Mayor,
As a youth member of Scottsdale I was shocked to see that the business I planned on starting in Scottsdale was in fact illegal. I was hoping to start an Ice Cream Truck business in my local neighborhood of Arcadia. The permit for the city of Phoenix is rather easy to obtain however in the great city of Scottsdale such youth entrepreneurship is outlawed. For a pro-business mayor I was shocked to see that such business ventures as food trucks and other street vending is illegal. Children across the country love the daily Ice Cream Truck visit. Yet in Scottsdale "The Most Livable City" such a fond childhood aspect is outlawed. I was hoping that as mayor you could look into such an anti-business zoning law and possibly rectify this ordinance. Please let me know if I must take further steps to possibly help ratify this problem.
Sincerely,
Leo Blavin, 16 years old
